

Is your child starting school  
in September?

# don't forget their School Readiness Health Questionnaire!

There's lots to think  
about when your child starts  
school for the first time, but  
it's also important to review  
their health & wellbeing by  
completing their School  
Readiness Health  
Questionnaire...

 **Connect  
for Health**  
Your school nursing service

If your child is due to attend a  
Warwickshire school for the first time in  
September, you should complete  
the School Readiness Health  
Questionnaire to help identify any health  
and wellbeing needs they may require support  
with as they enter education.

Your answers are stored securely online and reviewed by  
Connect for Health, the school nurse-led team who take over  
from Health Visiting when your child starts school. We may  
contact you to provide support and advice.
