Dear Parent/Carers

Following the updated advice from Public Health England released today, we are advising parents/carers **not to send** their child into school if they have these symptoms:

- **a new continuous cough**
- **and/or high temperature**

The advice is that anyone with these symptoms should stay at home and not leave their house for 7 days from when their symptoms started.

The full advice can be found here:

Please can you inform the School via phone call or text if you will be keeping your child off for this reason.

Thank you for your understanding and your on-going support.
