## MySchoolApp

Dear Parents/Carers

We have launched a new form of parent communication called MySchoolApp that will be replacing our old text system. This is a free app that you can register to. Please follow the below steps to register so that you can keep up to date with all of our news and to receive any communications from us.

1. To get started, you need to go to your normal app store and search for MySchoolApp

2. When opening the app for the first time, you will be asked which school you want. Type in Stockingford and you will see our name.

3. You then need to register. You will be asked for your name, email and phone number, and to set your password. You will be asked to accept the terms and conditions.
4. You will then need to add yourself to your child's class. To do this, go to Menu, Settings, choose Notification Group, select your group and then click save.

Once that is done, you can start using the app!

One of the many benefits of this app is that if your first language is not English, you can change your language settings by going to Menu, Settings, and then choose "Change Language". We hope that this will allow all parents to have a more inclusive experience during your child's time here with us.

Kind regards,

*Sharon Kindred*
