Parent carers invited to join SEND webinar on early conversations

Warwickshire County Council is hosting another Special Educational Needs and Disabilities (SEND) webinar and this time it is on the topic of early conversations.

The unique relationship that parents and carers have with their children means that they will often pick up on potential areas of concern at home, before they are seen by staff in schools and settings. Therefore, it is important that parents and carers feel confident in being able to initiate those early conversations, and to understand how to go about asking questions or raising concerns, whether that be with someone at school, the GP or health visitor. This webinar will cover how to ask the right questions early on and the range of support available.

The webinar takes place on **Thursday 9 June, 1.30pm – 2.30pm** and you can register to attend at: <https://bit.ly/earlyconversations>

Join the discussion hosted by Warwickshire County Council about having those Early Conversations when starting to think about SEND - what to do, where to go?
