

Some of our courses are part of an open offer, and any parent in Warwickshire can access these. Other courses are 'invitation only' for particular settings. You will be invited to Family Learning courses by your child's school or setting, if they work in partnership with us, so do keep a look out for fliers!

If you are interested in attending a course, you can browse our selection of open courses on our website.

Family Learning

Brochure for parents/carers

Family Learning is learning that takes place among family members including parents, grandparents and carers. It's about discovering and exploring things together; learning in a relaxed atmosphere.

The Family Learning team is made up of experienced tutors who are passionate about supporting parents to understand how children learn and develop. Family Learning promotes natural learning opportunities within a family's home learning environment with a focus on manageable, meaningful activities. Family Learning try to use evidence-based projects in their work. This means that the course has been tried and tested and is shown to work.

Our Courses

All of our courses are **free** for Warwickshire parents and carers. We offer a range of courses, including bespoke courses planned to the needs and interests of the families we are working with. Please contact us if you would like to discuss bespoke courses.
