Dear Parents/Carers

We are excited to share that we will be relaunching library story-time sessions in partnership with Stockingford Library. The children will get the opportunity to visit the library on our site to listen to a story and rhyme shared by one of the librarians. These sessions will take place during your child's nursery sessions and a member of the nursery staff team will be supervising the nursery children. We are planning to send text messages to families, so that you will be aware of when your child will have their turn to visit.

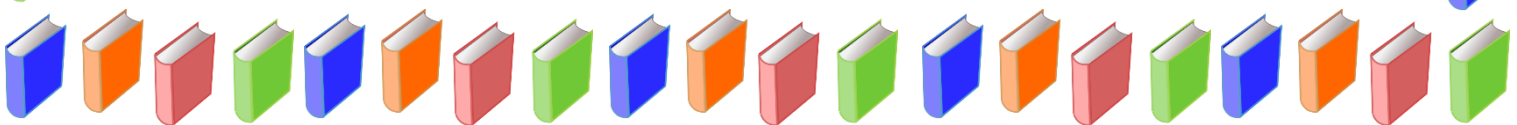

Sharing books together helps to build the important foundations for language development through talking, listening and developing attention skills. Vocabulary is developed through learning new words and concepts, rhythm and repeated refrains. Books can help children to express their own thoughts and emotions. Imaginative skills are developed as children connect with the story characters and may retell or act out key events or create their own storylines during their play.

The library is now fully open to the general public and has a wide range of books available for your child and their family to borrow free of charge. If you are not already a library member, please feel free to pop and visit and the library team can support you to become members.

Many thanks

Katherine King  
Lead Teacher
