Dear Parents/Carers

Use of Toilet Facilities

We have been considering how we can best support children who need the toilet before or after session, and would like to suggest the following:

- As a reminder of our **COVID Workplace Risk Assessment**, parents are asked not to come to site until the start of their child's session. This means that your child will be able to use the toilet as soon as they come into Nursery. If it is urgent, please make a member of staff aware. We also request that only one Parent/Carer comes to site to drop off and collect.
- When getting ready to go home at the end of session, children will be reminded by the adults in the classroom to use the toilet if needed.
- When your child comes out to you at the end of their Nursery session, please ask them if they need to go to the toilet. If so, they can use the Nursery toilets before you leave.
- On the odd occasion that your child needs to use the toilet, and using a Nursery toilet is not an option. Please ask at reception who can signpost you to the toilets upstairs.

Please contact me if you have any queries.

Kind regards

Sharon Kindred
