Little Nursery – Afternoon Children

Dear Parents/Carers

Happy New Year!

Many of you will be aware of various concerns in the news and on social media around children starting back to School this week.

The concerns mainly revolve around the increase in transmission and infection rates across England. The most recent advice from the Scientific Advisory Group for Emergencies (SAGE) is that schools *‘should not open in January other than for key workers and vulnerable children. This is because the scientific advice is that it is not safe for schools to open. There are new variants of Covid-19 that are highly infectious and infection rates have increased significantly since schools closed’*.

Due to the availability of staff over the next two weeks the Governing Body has had to consider the School's Risk Assessment. As a result of this review the School will need to alter the number of pupils who can attend the school site.

For the afternoon children in Little Nursery, all pupils **will be able to attend** their afternoon sessions. We look forward to welcoming our new starters to a drop in session tomorrow (5th January) and welcoming our returning children back on the 6th January.

More information will follow but I wanted you to be aware as soon as possible.

Kind regards

Sharon Kindred
