Dear Parents/Carers

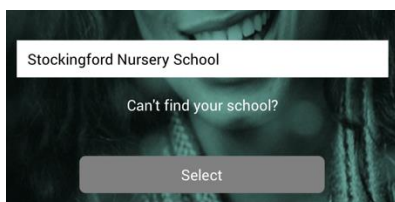

MySchoolApp Launch

We are launching a new form of parent communication called MySchoolApp. This is a free app that you can register to. Please follow the below steps to register before 1st September so that we can start to send any communications to you ready for the start of the new school year.

1. To get started, you need to go to your normal app store and search for MySchoolApp

2. When opening the app for the first time, you will be asked which school you want. Type in Stockingford and you will see our name.

3. You then need to register. You will be asked for your name, email and phone number, and to set your password. You will be asked to accept the terms and conditions.

Once that is done, you can start using the app!

One of the many benefits of this app is that if your first language is not English, you can change your language settings by going to Menu, Settings, and then choose "Change Language". We hope that this will allow all parents to have a more inclusive experience during your child's time here with us.

Kind regards

Sharon Kindred
